

7 October 2024

REACH statement

Dear Customer,

As of 28 October 2008 ECHA, European Chemicals Agency, has published the initial list of SVHC, Substances of Very High Concern, under the REACH Directive. ECHA states the following requirement for suppliers of articles.

»EU or EEA suppliers of articles which contain substances on the Candidate List in a concentration above 0.1% (w/w) have to provide sufficient information, available to them, to their customers or upon requests, to a consumer within 45 days of the receipt of the request. This information must ensure safe use of the article and as minimum contain the name of the substance.«

None of the 241 listed chemicals in the currently effective SVHC list, which was last updated on 27 June 2024, are used in AKA PCB products.

More information about REACH can be found on the ECHA website:

<http://ec.europa.eu/echa>

More information about the SVHC list can be found on the ECHA website:
